

REAL COUNT IS HERE! BUT, ALAS, HE COMES AS SHIP'S STOWAWAY

Caught and Held at Ellis Island,
He Won't See Land
of Free.

The steamer New York of the American line came in from Southampton through the fog of the night and docked this morning. On Tuesday, when the officers of the vessel were making their rounds, they found a stowaway down in a spare bunk in the foreman's quarters.

He was well-dressed, dapper and neat, twenty-five years old and of prepossessing appearance. He said he was Count Adolf Prussack, a native of Austria. He was at Southampton just before the sailing of the New York, and there came to his mind a beautiful picture of the land of the free and the home of the brave, the land of the beautiful American horizons and other good things. He had a yearning to sail.

On the dock he met a fireman on the New York. He told him of his yearning and the fireman asked him how much money he had. "Thirty shillings," he responded.

"Give me the thirty," said the fireman, and he was smuggled aboard.

The greatest excitement prevailed in the fireman's quarters over the fire-

man's count on the voyage, but nobody gave the count or his accomplice away. The fireman smuggled the stowaway aboard from their table. There was much disappointment when the discovery came.

APPEALS FOR CLEMENCY DIDN'T SAVE GARDNER.

Frank J. Gardner, the Goshen promoter who was convicted before Justice Goff three weeks ago of the larceny of \$10,000 from the Union Wax Paper & Parchment Company of New

Jersey, after two prior disfigurements, was sentenced by Justice Goff to twelve months in the penitentiary today. (Usual) pressure was brought to bear upon the Justice to extend clemency to Gardner, a number of clerks had signed a petition and Benjamin E. Tracy and Mirabeau L. Towns both put in long pleas for the tempering of justice.

In passing sentence Justice Goff said that he could not overlook the fact that Gardner, by the testimony of a search, had perpetrated a deliberate fraud on the paper company by acting as selling agent of the company's thousand dollar bonds and withholding the value of thirteen of them. He had, moreover, tried to blacken the reputation of the company in making his defense.

"I will assure you the gravity of State's prison out of respect for the good life you seem to have led prior to this offense," the Justice said.

"A Perfect Woman Nobly Planned To Warm, to Comfort and Command"

Nature never intended woman to be delicate, ailing, or a sufferer from "nerves." Women in middle age complain of "hot flashes." Many women suffer needlessly from girlhood to womanhood, and from motherhood to middle life, with backache, or headache, dizziness, faintness, or bearing-down sensations. For a permanent relief from these distressing symptoms nothing is so good as

DR. PIERCE'S FAVORITE PRESCRIPTION

as a soothing and strengthening nerve—always and subdues nervous excitability, irritability, nervous exhaustion, and other distressing symptoms commonly attendant upon functional and organic diseases of the feminine organs. It induces refreshing sleep and relieves mental anxiety and despondency.

The "Favorite Prescription" is known everywhere and for over 40 years as the standard remedy for the diseases of women. Your dealer in medicines sells it in liquid or tablet form; or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription tablets. Address Dr. Pierce, Invalids' Hotel, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

MY CONFESSION!

I confess to you, Mr. Public, that I cannot make a suit of clothes to order for eight dollars and seventy-five cents and get the actual cost of material and labor, under the present union conditions, but the new union conditions impose upon me the task of putting my help on weekly labor, where heretofore they worked on piece work, and in order to get by at this season at all I must keep them jumping so as to have the better ones when the season opens two weeks hence.

A little later on you will pay \$15.00 to me for the blue serge which I sell today at a cost of \$8.75. If you order now you can let me take a month to make it, or if you wish it I can have it done in 24 hours.

I don't mean to say that these suits are worth \$50 or \$60, but I do say that the high price tailors whose names are listed here, whose stocks contained these ends, got \$40, \$45, \$50, \$60 for these same goods, and if they were worth that price when they sold them they surely are a great trade to you for \$8.75.

Pocket your skepticism. These goods are marked in plain figures in the window and can be found right inside the door, and you can be practically your own salesman, and every customer buying a suit of this goods today saves from \$10 to \$15, and I don't care when the delivery is made.

I want to clean up all ends in my stock—Blue Serges, Worsteds, Tweeds and Cheviots. Some with enough for Two-Piece Suit and some with enough for Suit and extra Pants.

\$1.00 extra for extra Pants.
1000 styles, all from high-priced tailor's stock, made under your eyes, subject to Union conditions.
